Minutes of March KCDXC Meeting-K0THN  
DX News & Views- AB0X

**NEXT KCDXC MEETING: June 3-** The May meeting will be held on Monday, June 3 at 6:00 p.m. at Central Resource Library, 9875 W 87th St, Overland Park, KS 66212. **The meeting has traditionally been postponed one week in May due to the Memorial Day holiday.** The program, a discussion of Dayton, will be followed by the famous Pie Eating Contest at Perkins after the KCDXC meeting.

## MURPHY CRASHES OUR ANNIVERSARY PARTY!

The Kansas City DX Club's 40th consecutive annual CW Pileup Competition started out with a bang and ended up with a fizzle this year. The competition, officially held each year since 1980, takes place in Suite 525 of the Crowne Plaza Hotel in Downtown Dayton. The Suite is named for WW I air ace Eddie Rickenbacker, who also ran in four Indy 500 races (2019 version running now as I write this.) It starts filling up with visitors and participants around 8 p.m., after the contest dinner is over, but the preparation began much, much earlier.

Russ, K0VXU, prepared the pileup file, a grueling test of CW copying ability, months earlier. He also maintains and checks out the hardware in advance - 9 laptops and associated networking hardware and software. Six laptops are used for the actual copying by participants, one is used for the scoreboard monitor, another for the Morse Race monitor, and one is the master laptop controlling the competition.

The setting up at the suite began about 4 p.m. Rick, N0RB, arranges the bar, while Kay, WA0WOF, puts up our flyers on each floor of the hotel, and in each elevator. After K0VBU's adjacent room was totally rearranged and a table and six chairs were set in there, the computers and associated networking equipment and wiring were unpacked and set up. With the help of several others, Russ has the system up and running in about an hour or so. In the meantime, more KC DXers are rearranging the suite itself, moving tables and chairs  
(Continued on page 3)

Red indicates member is at the top of the DXCC Honor Roll in that respective class. Total are with deletions.  
 NOTE: When changes of DXCC totals are sent in to me, they are immediately updated in the next month here in the newsletter. Send to [ab0x@kc.rr.com](mailto:ab0x@kc.rr.com) . Please only one update a month.

and putting up the club's banners and the prize donors' wall decorations as well. This year, Rick, W0ZAP, Ron, K0BRO, Charlie, K0THN, Greg, N9GB, Steve, W0MW, Brian, KC0BS, Bill, K0ERE, Pete, NS0D, Chuck, K0XM, and Jeff, AC0C, provided invaluable help in that regard. (My apologies if I forgot to mention anyone - We had more help than ever, this year, and those preparations went quickly and smoothly because of that!)

As visitors begin to arrive about 8 p.m., Kay makes sure each one duly adds their name and call to our sign-in sheet near the door. She does this tirelessly all evening, until the sheet is full and she calls for an additional one...

When the competition begins, emceed by Lee, K0LW, a live scoreboard in the main suite shows visitors the current standings in real time. Another large monitor displays the famous "Morse Race" - a live, real-time representation of the current participants graphed against each other as well as against the top scorers at the moment. All eyes are glued to the screen after the bugle calls the participants to the ready. Visitors cheer as the race progresses, and continue for each five minute running. This complicated software was developed and donated by Chuck, N05W, a well known tester and a great friend of the club. In between heats, the suite bar, tended by Rick, N0RB, and Mike, AB0X, gets really busy, and the hobby's top testers have a chance to meet and chat.

The process is repeated time and again, until midnight - six participants at a time copying callsigns sent at them for about five or six minutes. There are more than one hundred callsigns sent - sometimes once, sometimes twice, some at higher pitches, some at lower, some fast, some slow, some drifting, some chirpy....then there's the QRN track in the background. What a test! After the contest, great prizes are awarded both to the top scorers, and to various random participants selected by the computer to the tune of 'Jeopardy' as calls flicker across the monitor.

The prizes came from Icom (thanks to Lee, K0LW and his Icom best friend Ray), and others garnered by Bill, K0VBU, from Yaesu, Begali, ARRL, DX Engineering, CWOPs, Rig Expert, and Associated Radio.

This year's prize stash included an Icom-7300, a Yaesu FT-991D, a beautiful Begali paddle, The Antenna Book and Low Band DXing from ARRL, a \$100 gift certificate from DX Engineering, a \$100 gift certificate from HRO, compliments of the CWOPs organization, a WTI-1 rig to internet remote interface from Rig Expert and Yuri, VE3DZ, and a QRP SOTA antenna kit from Associated Radio.

BUT - Did I mention Murphy spoiling our party?? He outdid himself this year! First, one of the badly needed air-conditioning units in the suite proved to be inoperable and not repairable. We really need both units running full blast, together with auxiliary fans we bring with us each year. With the room filled with people, both units can barely handle the load. Then, he crept into the Pileup contest - and wham! After running about ten heats perfectly, the software quit working and all the scores went to zero....Minor glitches in networking have happened in years past, and we were always able to recover and continue, but this year was different. Russ, with N05W on the phone from New Orleans, spent more than an hour going through every possible fix they could think of, but the software refused to cooperate. The current participants waited and waited in their chairs, and future participants waited in line just outside the door, in the warm and humid suite. At almost midnight, we called it dead, and pulled the plug. Everyone - visitors, participants, and hosts were all very gracious and understanding, albeit

frustrated. We decided to nullify the entire running, since only about half of those who wanted to participate were able to sit for the test. (Russ has since been able to recover the scores to the point of the failure, and we plan to post them on the website for 2019, with the caveat that there was no definitive winner. Those who were leading at the time of the crash are rightfully disappointed, but about forty or fifty more would-be participants, including several former winners, were disappointed as well. Our apologies go out to all, as well as our thanks for everyone's understanding.

We'll get our problems resolved before the 41st running of the competition next year, and, thanks to our wonderful donors, we will already have prizes for that contest in hand.

I've enjoyed more than anyone can know being involved with the contest all these years, and I've been really lucky to have all the help that one could ever expect. I'm looking forward to Pileup 2020 - it will be the best one ever!

73

Bill, K0VBU

(P.S. I should have known Murphy was in the hotel that evening. When I first arrived back at the suite from Xenia, there was a little 4-person card table and four chairs set up in the suite. I quickly went down to the desk and told them I had asked for a six-person banquet table, with six chairs - 3 per side - for our contest. By the time I got back upstairs, the hotel crew was delivering a big round banquet table that would never have fit in our room....Another request for a simple six person rectangular table eventually produced the proper result....but Murphy was heading for the a/c unit at that time..see above...Bill, K0VBU)

## MORE DAYTON HAMVENTION NEWS

One of the highlights of the Hamvention was the presentation of AC0C at the RTTY Contesting Forum. Our own Jeff Blaine spoke to a very large crowd of RTTY contesters on Friday morning of the event. AC0C put into words an opinion that was very popular among the forum attendees: Don't lump RTTY and all other forms of computer controlled modes such as PSK, JT65, FT8, FT4 and RTTY into one single mode called "digital." This applies for contesting as well as DXCC.

It was interesting to see many hams come up to AC0C throughout Hamvention weekend and pat Jeff on the back and thank him for summarizing and expressing their common view point about "RTTY Contesting and DXing" so well.

AC0C made several KCDXC members (WA0WOF, K0THN, AB0X and N0RB) very happy with his special speaker's parking pass that allowed super easy entry and departures to and from the Hamvention.

## Antenna Hair!

Every year at Dayton there seems to be a young YL who works hard to build a special HB project in her hair to attract attention. The same YL has shown off her Tower Hair for several years. She was a regular at Hara also.

BY AB0X

## Flea Market Venue

The Hamvention Flea Market was generally dry. With only a few wet areas. Most of it was like the Pic on the right which made searching for that special needed item fairly easy. From semi-rare vacuum tubes to loads of K3's, the Flea market was full of fun and surprises this year. Most everyone found some treasure that had to go back to KC with them. The best item was clearly, no rain like the last two Hamventions.

## Southwest Ohio DX Association DX Dinner

WØFS and his XYL

KØLW and KØBRO discuss rubber chicken dinner

## KCDXC Suite Packed as Always

The KCDXC Hospitality suite was packed early as many anticipated a big horse race in the annual KCDXC Pile Up Contest.

One of the A/C units died and last rites were given for the other A/C unit but it survived the evening. The crowd dispersed around 11 PM when the CW Contest died, leaving many CW jocks unable to be tested, despite the efforts of KØVBU and KØVXU.

Eventually the CW Contest was declared null and void since about half of the regular competitors were unable to compete. Prizes will be held until next year's competition.

## TORNADO OUTBREAK FINALLY BRINGS IMPROVEMENTS TO HARA ARENA

Just at press time, pictures from the tornado outbreak in Dayton, Ohio, show the damage done to Hara Arena, the old location of the Hamvention for many years.

Many good times have been enjoyed by KCDXC members at this old arena over the years. Despite the issues at Hara, it was a good home for some great fun by the KC Crew!

April 29, 2019

## Kansas City DX Club Meeting Minutes

Carmack Community Room, Central Resource Library

Overland Park, KS

The April, 2019 meeting of the Kansas City DX Club was called to order by President Russ W0irhaye, K0VXU at 6:00 pm CDT (April 29, 2019 2300 UTC).

### Agenda -

- Greeting and Introduction of Guests
- DXing and Contesting
- Business
- Feature Presentations
- o Dave Fischer W7FB George Ohm
- o Lee Ward, K0LW Some Thoughts
- Closing World Famous Pie Eating and Tall-Tale Telling @ Perkins

### Introductions -

We introduced ourselves. Guests KI0KK, Greg Wolf, and KY00, were announced. Clark Ashworth, KB0EL, was present. Clark was injured in a severe accident this winter and he has now recovered well enough to attend a club meeting. We gave him a big round of applause.

### DXing and Contesting

#### DXing for May

Based on NG3K website: <http://www.ng3k.com/Misc/adxo.html>

Russ didn't think there was too much that would be worth the effort given the current band conditions. Checkout the website NG3K website above if you really are interested.

#### Contesting for May

Based on WA7BNM website: <http://www.hornucopia.com/contestcal/>

Highlights reported were CQ WPXCW May 25 - 26 and QSO parties IN/DE/New England/AR.

### Business

1. There are no more rooms available at the Crowne Plaza Hotel in Dayton.
2. Several nice prizes are lined up for the CW contest including a Yaesu FT991 and Kenwood 7300. Also a RIG Expert WTI1 Interface, a Begali key and possibly an N3ZN key.
3. Rob, KE5BR, reported that the July meeting would be at 6:15 PM to 8:00PM at the Shawnee Public Library 13811 Johnson Dr. Shawnee in Veterans Park. July 29th.

### Programs

Dave Fischer W7FB George Ohm

Dave humorously described the search for the source of the term Mho, the reciprocal of the Ohm.

### Lee Ward, K0LW, Some Thoughts

Lee first showed several photos of very bad practices he has seen at various Cell tower sites. They were amazing. No wonder our coverage is so poor sometimes.

Lee then showed us a presentation by Dave Anderson, K4SV, on Low band receiving antennas including the Beverage, Beverage on Ground, Flag, Pennant, 4 Square.

### Announcements

#### Upcoming meetings:

- May meeting will be June 3 and the program will be a discussion of the Hamvention.

- June 24 Dxpedition Video
- July 29 TBD
- August 26 TBD
- September 30 Bob Heil - Heil Sound
- October 28 - Charlie Hett K0THN Projects including Paraset

If you want to update your DX status on the web site or in the newsletter contact Don, W0XE or Mike, AB0X .

If you need a ride or you know of someone who needs a ride to our meetings let Russ, K0VXU know. We would like to make sure everyone who wishes to attend can do so.

Charles Hett, K0THN KCDX Club Secretary

April 29, 2019

## K0XM DX CLUSTER

Well, in my transition, I have put on a packet cluster to play on HF. You can reach it at either of the following addresses: dxc.k0xm.net:7300 OR cluster.k0xm.net:7300

Chuck K0XM

Backyard Repeater Group

k0xm@byrg.net

http://byrg.net

## ARRL DXCC QSL CARD CHECKING

The KCDXC has two official DXCC QSL Card Checkers who regularly attend KCDXC meetings. AC0A, Bill, and AB0X, Mike, can check your QSLs for DXCC, WAS, VUCC, and WAC awards at most any club meeting. If you have a large number of cards it would be wise to contact them ahead of time so that they can come a little early to handle your cards. Contact Bill, AC0C, at [freeland66215@sbcglobal.net](mailto:freeland66215@sbcglobal.net) , or Mike, AB0X, at [ab0x@kc.rr.com](mailto:ab0x@kc.rr.com) . Don't forget your stamped envelope addressed to the ARRL DXCC Desk!

## DX NEWS & VIEWS

BY AB0X

For Immediate Release May 26, 2019

South Orkney Islands DX-pedition

(AN-008)

Project plans continue to be developed. The radio and antenna strategies are complete and work is underway building detailed project plans and sourcing equipment.

We will use the call sign: VP8/VP8DXU

Corporate Sponsors

A key component of any serious DX-pedition is the radio equipment. We are pleased to announce that Elecraft is again partnering with us as a major equipment sponsor. Elecraft will provide fully featured K3s transceivers, KPA-500 amplifiers and P3 Panadapters. Elecraft has been a trusted supplier of all Perseverance DX Group (PDXG) projects, we appreciate their continued support and sponsorship.

Our other corporate sponsors include: DX Engineering, Arlan Communications (RadioSport) and Rig Expert.

Tent Weekend

Scheduled for the 2nd weekend of July in Placerville, California is our tent assembly project. We will unpack, inspect, make any necessary repairs and repack the 3 tents we acquired for this project. To minimize island setup time, we will construct and ?kit? the tent bases / flooring in California. The tents and flooring will then be disassembled and repacked for sea shipment.

## Fundraising

We received significant financial support from the Northern California DX Foundation, the German DX Foundation and the Far East DX-Ploitiers. As of this writing a total of 29 clubs/foundations have committed to support the project and 178 individuals have shown their support. This is a good start, but we still have a long way to go in order to meet the goal of the

team members funding 50% of the estimated project cost of \$325,000(USD). If you need South Orkney for an ATNO, or plan to work us, we would appreciate your help.

## Confirmations:

As with previous PDXG DX-peditions we are again offering a tiered structure for early LoTW upload (from the island) and free QSL cards at the \$50 or greater level. Both offers have proven to be very popular with the DX community. Details are available at the website or by contacting us at: [info@sorkney.com](mailto:info@sorkney.com)

3V, TUNISIA. Operator SWL Ashraf "Ash", 3V4-002 (KF5EYY), will be active as 3V8SF from the Scout Radio Club of Sfax city club station during the CQWW WPX CW Contest (May 25-26th) as a Single-Op/Single-Band (160m)/Low Power entry. QSL via LX1NO or LoTW. Read about Ashraf on the following Web page at: <http://www.kf5eyy.info>

3Y0I BOUVET ISLAND DXPEDITION. A very short message was posted on the 3Y0I Bouvetoya.org FaceBook page on May 19th: "3Y0I: FALL 2019 (with a heart emoticon)"

4L, GEORGIA. Operator Vaho, 4L8A, will be active during the CQWW WPX CW Contests (May 25-26th) as a Single-Op/Single-Band (20m) entry. QSL via K1BV or LoTW.

5W, SAMOA (Update/Reminder). Operators Gus/CX2AM & XYL Maby/CX3DDB, Bert/CX3AN, Martio/CX4CR and Rainer/CX8FB, members of the Uruguay DX Group, will be active as 5W0H from the Island of Upolu (OC-097), Samoa, between June 1-10th. Activity will be holiday style on 80-6 meters, running 2 stations with Spider beams and dipoles, using mainly CW and SSB. QSL Manager is EB7DX. ADDED NOTE: The week after their Samoa operation, Rainer and Gus will continue their activity running mobile from somewhere in New Zealand (ZL).

8P, BARBADOS. Tom, W2SC, will be active as 8P5A during the CQWW WPX CW Contest (May 25-26th) as Single-Op/All-Band/High-Power entry. QSL via LoTW or direct to HA1AG.

9N, NEPAL. Yuki, JH1NBN, is once again active as 9N7BN from Kathmandu until June 4th. Activity will be limited to his spare time due to work on 80-6 meters using CW and FT8. QSL 9N7BN via JH1NBN direct to: Yuki Yosuke Uchiyama, 924-4, Yokokawa-cho, Hachioji, Tokyo, 193-0823, Japan.

AH2, GUAM. Toshinobu, JI3ERV, will be active as AH2R from the Guam Contest Club station during the CQWW WPX CW Contest (May 25-26th) as a Single-Op entry. QSL via LoTW.

CN2, MOROCCO. Dimitri, RA3CO, will be active as CN2CO during the CQWW WPX CW Contest as Single-Op/All-Band entry. QSL via LoTW.

CN3, MOROCCO. Operators Stefano/IK2QEI, Jiri/OK1RI, Stanislav/OK1AU, Ladislav/OK1DIX, Stanislav/OK1NX, Petr/OK1FCJ and Vit/OK5MM will be active as CN3A from Safi during the CQWW WPX CW Contest (May 25-26th) as a Multi-Multi entry. QSL via LoTW or via IK2OHG, direct or by Bureau. Visit their Web page at: <http://www.facebook.com/pages/CN3A/112969535390789>

DXPEDITION OF THE YEAR (By Southwest Ohio DX Association - SWODXA). This year's "2019 SWODXA DXpedition" at the Day-Xenia's HamVention went to the KH1/KH7Z Baker Island

DXpedition. The KH1/KH7Z DXpedition Team consisted of James/9V1YC, Ned/AA7A, George/AA7JV, Tomi/HA7RY, Ken/JN1THL, Mike/KN4EEI, John/K6MM, Kevin/K6TD, Doug/N1DG, Rick/N4HU, Sam/N4XP, Arnold/N6HC, Mike/N6MZ, Tom/ND2T and David/WJ20.

E31A ERITREA 2019 DXPEDITION (Reminder). The FGC Radio Team (E31A) will be active from The State of Eritrea between May 25th and June 3rd. Zorro, JH1AJT, CEO of SEISA and FGC (Foundation for Global Children) and the team will be visit Eritrea to participate in the "Eritrean Independence Ceremony".

The main purpose of this trip is to support the Eritrea National Olympic Committee (E.N.O.C). The SEISA's group will "coordinate a pre-game training camp" for the Tokyo 2020 Paralympic Games and select students for a scholarship program at the SEISA Kokusai Junior High School and University.

Operators mentioned are Zorro/JH1AJT, Franz/DJ9ZB, David/WD5COV, Johannes/ PA5X, Dima/RAUSU, Sergey/RZ9UN and Champ/E21EIC. Activity will be on 160-6 meters using CW, SSB and FT8 (F/H mode).

During this trip, Zorro, JH1AJT, will not operate due to his health. But still always supports the team. QSL via JH1AJT: Y. Zorro Miyazawa, P.O. Box 8 Oiso, Naka-Gun Kanagawa 259-0003, Japan. An OQRS will be available at ClubLog after his return to Japan. Support for the FGC (Foundation for Global Children): <http://www.fgc.or.jp/english>

LoTW NEWS. ARRL Web page reports on May 23rd: LoTW Now Accepting FT4 Contacts -- The latest TQSL update (Config.xml version 11.8), released on May 22, includes FT4 as a submode of MFSK. It also adds AISAT-1 and PO-101 in the satellite category.

As of May 23rd, 1,048,281,611 contact records have been entered into the system, resulting in 200,387,247 contact confirmations. LoTW has 118,328 users.

VP6R PITCAIRN ISLAND DXPEDITION NEWS. The following was reported on the VP6R Web page on May 24th: May 24, 2019: "Yesterday marked another major logistical waypoint in the Pitcairn Island DXpedition. After verifying that we had all our equipment packed, our container was locked and a U.S. Customs seal applied. A crane then lifted the container on a truck for transportation to a Chicago railhead. From Chicago, the container will go by rail to the East Cost and from there by container ship to Tauranga, New Zealand where its contents will go aboard the RV Braveheart in mid August."

Images of the container loading are available as a slide presentation at:

<https://pitcairndx.com/news-and-updates>

IOTA NEWS.....

AS-205. Operators Vasily/R7AL, Vladimir/RK8A and Albert/UB9WLJ will be active as R205NEW from Bogoslova Island, Russia, between June 14-18th. Activity will be on various HF bands using CW and SSB. QSL via ClubLog's OQRS. Visit their Web page at:

<https://rv6ali.wixsite.com/as205new>

EU-008. Members of the Cockenzie & Port Seton Amateur Radio Club will once again activate GM2T from the Isle of Tiree (IOSA NH04, SCOTIA DI10, WLOTA 2232, WAB NM04), the most westernly part of Scotland's Inner Hebridean Islands, during the RSGB IOTA

Contest (July 27-28th) as a Multi-Op/2-TX/Island-DXpedition entry. Operators mentioned are: 2M0NQT, Brian/G3UJE, Cambell/MM0DXC, Bob/GM4UYZ, Geoff/MM5AHO, Brian/M0RNR, John/MM0JXI, Steve/MM0GZA, Cephass/MM0INS, Craig/MM0NBW, Al/MM0XAB, MW/MM3NQT, Ellis/GM4GZW and Lon/WA6AEE. QSL via LoTW, eQSL or Bureau.

ADDED NOTES: Activity depends if the CalMac ferries are operating. For more info, see: <http://www.cpsarc.com>

EU-043. Operators Rick/SM6U, Bengt/SM6UQL and Tomas/SM6XMY will once again be active as

7S6WX from Väderöarna (Weather Islands) between May 30th and June 2nd. Their boat trip is weather dependent. Activity will be holiday style on 80-10 meters using SSB. They will have two stations, verticals and wire antennas. QSL via 7S6WX by the Bureau or LoTW.

NA-068. Mikhail, VE7ACN, will be active as VE7ACN/VE9 from Miscou Island between August 11-18th. Activity will be on various HF bands. QSL via VE7ACN, direct, by the Bureau, ClubLog's QQRS or LoTW. For more details and updates, watch: <https://www.ve7acn.com>

NA-112. Brian, K4BRI, will be active as K4BRI/p from Bald Head Island in North Carolina between July 30-31st. Activity will be mainly on 20 meters using CW and SSB. He may also be on other bands depending on propagation. QSL via his home callsign.

NA-114. Didier, F6BCW, is now active as FG/F6BCW from Iles des Saintes, Guadeloupe, until May 26th. Activity will be on 20 meters CW. Suggest frequencies are: 14027-14030 kHz. QSL via F6BCW.

NA-211. "DX-World.net" reports that Yuri, N3QQ, has received permission to operate from Tillamook Rock from its owner. This is subject to all NOAA/USFWS restrictions and limitations. A preliminary team of Mike/AD5A, Rob/N7QT, Alexej/NW7M and Yuri/N3QQ will try activate the rock around November-December 2019. Yuri says the owner of Tillamook Rock has created a fundraiser on Facebook to help with costs to transport crew and conduct a cleanup/construction assessment. For more details on the fundraiser, see: <https://www.facebook.com/donate/444710879405793/2710859262274736>

OC-129. Operators Audie/DU1ZDR and Gazelle/DU1ZDQ will be active as DZ1A from Kalanggaman Island, Philippines, on Monday, June 3rd. Activity will be QRP only on the IOTA frequencies 14260 and 7055 kHz using SSB and CW. QSL via DZ1A.

PLEASE NOTE: Since the Webmasters of the new ([www.iota-world.org](http://www.iota-world.org)) have decided NOT to post or dedicate a Web page to announce upcoming IOTA operations

JW, SVALBARD. Erling, LB2PG, will be active as JW/LB2PG from Bear Island (EU-027) starting sometime in June, but plans to stay until November 2019. Activity will be on 80-20 meters using SSB with a FT-990 and 1KW amp into multi-band dipole antenna. QSL via LB2PG by the Bureau.
